- **Salon Leaders please complete the following as part of New Talent Product Classes:**
 - Print this checklist for each New Talent
 - Print each class Study Guide for each New Talent - located under each video on busystylist.com
 - Have each New Talent view each 8 – 10 minute Virtual Product Class Video
 - These are located on busystylist.com pages: P2 and Tela Virtual Product Classes
 - Fill out this form as each class is completed and retain for your records
- **The goal is to have each New Talent view each class within their first 1 – 3 months of employment depending on employee schedule and salon scheduling. They can start learning on day 1!**
- These classes should be viewed on uptime and on times scheduled by the Salon Leader.
- **Salon Leaders should keep track of their Virtual Product Class attendance just as they do when New Talent attend classes at The Philip Pelusi Center for Talent Development (PPCFTD).**
- Each New Talent must also attend the **Philip Pelusi Product Demo Class at the PPCFTD** announced via the calendar. That class can be attended starting on day 1 as well.
