CLASSES:

Flawless Fading: All Designers Welcome

NextGen Contemporary Clipping Techniques

What you will learn: Fading with guards; scooping and notching, blending, tapering, outlining detail, scissor/ clipper over comb, facial hair blending, line ups and how to create the proper fade.

Models preferred but not required

Equipment needed: Clippers and attachments, edgers, cape, clips, water bottle, combs, brushes, scissors, blow dryer

Color Formulation: New Designers or refresher course

Wella basic formulation & product knowledge

What you will learn: Basic knowledge of how to begin your color consultation, finding natural and desired levels, gray blending and gray coverage, lighteners, toning, mixing, and proper usage.

No Model required

Equipment needed: Notebook and Pen

CLASSES:

We Paint Hair: New Designers to Minimal Color Application Experience

Hands on learning with different techniques

What you will learn: Techniques including accent lights, partial highlight, full head highlight, men's gray blending, types of weaving, balayage, color placement techniques and other creative color techniques used in today's trend.

No Model required

Equipment needed: Metal rattail comb, clips, wide tooth comb, brushes, hair dryer.

Crafting and Braiding: All Designers Welcome

Hands-on creating different classic and trending looks

What you will learn: Different braids, loops, knots, and curls to design the perfect look for your guest's special day. Blending and teasing to hold this style in place while giving a smooth finish. This is a creative class that will give you different techniques to create a customized look for each guest.

No Model required

Equipment needed: teasing comb and brush, brushes, curling iron, waver, or hot tools.

CLASSES:

Healthy Hair and Treatments: New Designers or as a Refresher

Hands on class – Come prepared to receive a treatment as well

What you will learn: All the healthy hair treatments that Philip Pelusi offers to guests. Deep conditioning, problem solving treatments, texture and smoothing systems as well as the most relaxing scalp massage techniques.

No Model required

Equipment needed: wide tooth combs, hair dryer, flat iron and curling irons

Art of the Blow Dry: New Designers

What you will learn: Best blow dry practices for straight, curly and overly curly hair, over 10 basic ways to blow dry, appropriate use of heating tools, using the correct brush for desired look and the total finish to perfect your look.

No Model required

Equipment needed: Denman brush, round brushes, boar bristle brushes, clips, wide tooth combs

Volumetric Method Classes:

Specialized Evening Classes that focus on specific haircuts, cutting and styling techniques from classic to trendy.

Models are preferred to maximize learning experience.

(May be able to get approval to use a mannequin)

Equipment needed: Cape, clips, water bottle, combs, brushes, scissors, blow dryer, styling tools. Clippers w/attachments and edgers may be needed depending on the cut being performed.

CLASSES:

Longing for Layers:

Mid to long length cuts adding layers

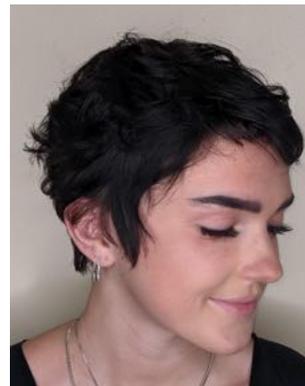

Chic or Sleek:

Chin to below the shoulder length. May or may not be layered

Bixie Me Bold:

Layer Cuts from Chin Length or Shorter

CLASSES:

Short Statements:

Woman or male cuts with ears cut out or short sides and tapered back and sides.

From Fine to Fabulous:

Fine hair models that are looking to create more volume to their hair. All lengths

Curly Hair Cutting:

Wavy to Curly textures looking for a manageable cut. All lengths
